1. Canyon County Fair Management reserves the final and absolute right to interpret these rules and regulations and to settle and determine all matters, questions, or differences arising out of, connected with, or incident to the Fair.
2. Exhibitors are responsible for familiarizing themselves with all rules. Exhibitors or their representatives who fail to comply with these rules may forfeit all awards and may be subject to immediate dismissal from the Fair and/or denial of future exhibition privileges.
3. Disrespect shown to any judge or Fair Official by an exhibitor or their representative results in forfeiture of all awards earned by the offending exhibitor. The exhibitor and/or their representatives may also be required to leave the Fairgrounds.
4. Literature may not be distributed on the Fairgrounds or within buildings without prior approval from Fair Management.
5. Only livestock entered in the Fair and service animals are permitted on the Fairgrounds. Service animals are defined as dogs individually trained to perform work or tasks for individuals with disabilities.

7. **LIABILITY** - The exhibitor or owner of livestock, horses, or exhibits assumes all risk and responsibility for loss, theft, or damage to their property, as well as injury to themselves, any person, or property caused by their animal or exhibit while on the Fairgrounds. As a condition of participation in the Fair, exhibitors release and hold harmless the Canyon County Fair, its officers, directors, and employees from liability for any loss, damage, or injury involving persons, property, or animals owned or exhibited by the exhibitor. Exhibitors further agree to indemnify the Canyon County Fair against any claims resulting from the actions or negligence of the exhibitor.

HEALTH REQUIREMENTS

24. All animals entered must meet the health regulations listed in the individual species sections of this guide.
25. All male large animals must be completely neutered. Intact bulls, bucks, rams, and boars are not eligible for exhibition.
26. All animals are inspected by a veterinarian upon arrival at the Fairgrounds. Animals showing signs of contagious or infectious disease are not permitted to remain on the Fairgrounds. Any animal with an obvious medical condition that could be considered contagious must present a Certificate of Veterinary Inspection (CVI) dated within 2 weeks prior to Fair check-in from a licensed veterinarian. Animals presenting a CVI are still inspected by the veterinarian at check-in. If the veterinarian determines the animal to be unacceptable or potentially contagious, the animal is not permitted to remain on the Fairgrounds. This decision is final.
27. Stall cards are issued to each exhibitor upon completion of the veterinary inspection and must be obtained before leaving the inspection area. The stall card must be prominently displayed for each animal.

28. If any animal shows signs of a contagious or infectious disease during the Fair, the animal is inspected by a Show Official and may be required to leave the Fairgrounds immediately. A veterinarian is not on staff during the Fair.
29. Fair Management reserves the right to require removal of any animal deemed unsafe or unhealthy at any time during the Fair.

EXHIBIT AREA

30. Once assigned exhibit space, all animals and exhibits are subject to the supervision of the livestock superintendent(s). **RELEASE** - Exhibits are released only during designated release times. Each exhibitor must obtain a release form for each animal from the superintendent. Release forms are collected by a Fair Official at the gate. Market animals sold through the sale are not released.
31. Stalls are assigned by species superintendents based on the number of market and breeding entries and available space.
32. Fair Management reserves the right to relocate exhibits or animals if necessary for safety, operational needs, or space requirements.
33. **NEW for 2026:** Stall and pen set-up is available on Monday, July 20 from 12:00-8:00 p.m. Vehicles will be allowed on the Fairgrounds **by reservation only**. Vehicles are allowed on the Fairgrounds to unload equipment only and must leave immediately after unloading. Vehicles may not be driven through barns for unloading. Parking around the barns is not permitted. Vehicles parked in unauthorized areas will be towed at the owner's expense. This is the only time available for stall and pen set-up, prior to scheduled species arrivals and check-ins. Additional information and the reservation request form will be posted at <https://www.canyoncountyfair.org/livestock/>.
34. **TACK STALLS (Horse Stalls)** - Tack stall requests are accepted from 4-H leaders and FFA advisors between June 22-29. Stall assignments are determined based on the number of exhibitors per club or chapter and the species entered. Tack stalls are \$20 per stall. Additional information and the request form will be available on <https://www.canyoncountyfair.org/livestock/>. Payment must be received by July 10, or the stall(s) will be assigned to another club or chapter.
35. **TENTS** - Reservations for 10 x 10 tents are accepted from exhibitors between June 22-29. Areas for tents include spaces on grass for \$50 and asphalt for \$25. 39. All equipment must be brought in by each exhibitor before Fair begins and must be kept clean and orderly. Initial feed (hay and grain) may be brought in with livestock but may not be stored in species areas. Due to space limitations, feed and bedding must be brought in daily.

40. Extension cords are not permitted in foot traffic areas.
41. Blocking stands and grooming chutes must be set up in designated areas only. All grooming areas must be kept clean and orderly.
42. Generators may be used on show days only. Generators may not be stored in livestock stalling areas and must be kept out of walkways.
43. Bedding must be shavings. No other type of bedding may be used. Shavings are available for purchase on-site from D&B Supply. Straw is not permitted.
44. Exhibitors are responsible for keeping their stalls and surrounding areas clean. Trash must be placed in designated receptacles. Stall cleanings may not be placed in trash barrels. Aisles must be kept clear of manure, debris, and equipment. All exhibitors must clean their pens and exhibit areas completely before checkout.

COMPETITION

45. In all cases, the decision of the judge is final.
46. Exhibitors must show their own animals, except in special circumstances approved by a Show Official. Substitutions may be approved for the following reasons:
 - The exhibitor has 2 animals in the same class.
 - A conflict occurs with animals being exhibited in another species at the same time.
 - Illness or physical injury, documented by a physician.
47. Exhibitors are responsible for preparing their own animals for exhibition but may receive assistance.
48. Any animal that cannot be kept under control by the exhibitor is considered a safety hazard. A Show Official may require the animal to be removed from the Fairgrounds. Exhibitors who release control of an animal in the show ring more than 3 times are disqualified. Animals that escape the Fairgrounds are not permitted to return.
49. All animals must be cared for in accordance with accepted livestock production practices. Abusive, fraudulent, illegal, deceptive, or questionable practices in feeding, grooming, showing, or management of animals are grounds for dismissal from the Fair. Animals may not be exhibited if they have been given sedatives or illegal drugs administered in any manner. Animals receiving medication must have documentation from a veterinarian. Exhibitors with market projects must observe all drug withdrawal periods and comply with all regulations regarding off-label drug use to remain eligible to sell.
50. **DRESS CODE** - Exhibitors must wear one of the following in the show and sale ring. If an exhibitor's attire is deemed inappropriate, they may be required to change.
 - A Canyon County Fair exhibitor t-shirt **OR**
 - 4-H / Junior Livestock Program Members:
 - Button-up, collared shirt or polo shirt (short or long sleeve)
 - Long pants or skirt
 - Closed-toe shoes

- FFA Members:
 - Official FFA corduroy jacket, white button-up shirt (short or long sleeve), FFA tie or scarf
 - FFA collared shirt or polo shirt
 - Long pants or skirt
 - Closed-toe shoes

51. The Canyon County Fair uses a Modified Danish System for judging. This system allows exhibits to receive a purple, blue, red, or white ribbon placing.

- **Purple** - Superior. Exceeds the average standard and represents a near-perfect exhibit.
- **Blue** - Excellent. Demonstrates strong project growth, superior workmanship for the exhibitor's age and experience, and a high level of understanding of the subject.
- **Red** - Good. Shows satisfactory project growth and understanding of the subject with acceptable workmanship.
- **White** - Satisfactory. Represents basic project completion with developing understanding and workmanship.

52. All awards in the Livestock Department are made based on merit as determined by the judge.

53. **THANK YOU NOTES** - All award recipients must write a thank you note to their award sponsor. Large and small animal award winners are given their thank you note during the show and must return it to the Livestock Show Office by the end of the Fair.

MARKET LIVESTOCK SHOW AND SALE REQUIREMENTS

54. Canyon County and Ada County 4-H and FFA members may sell **only 1** market animal per year at one fair - either the Canyon County Fair or the Western Idaho Fair - regardless of the county in which they are enrolled. Youth denied entry by the Owyhee County Fair and accepted by the Canyon County Fair may sell 1 market animal at the Canyon County Fair.

55. Exhibitors are limited to 2 market entries per species (e.g., 2 market steers, 2 market goats, 2 market lambs, and 2 market swine). **EXCEPTION:** Exhibitors are limited to 1 market broiler pen.

56. All animals eligible for the Market Livestock Sale must provide Country of Origin information to comply with USDA Country of Origin Labeling laws. This information is collected at declaration.

57. Market animals are insured at the following values: Beef - \$1250; Swine - \$200; Sheep - \$200; Goat - \$200. Insurance fees are collected at the time declarations are submitted as follows: Beef - \$15; Swine - \$5; Sheep - \$5; Goat - \$5. Payouts are limited to available funds. Additional information is available through the Extension Office.

58. All market animal entries that meet eligibility requirements are automatically entered in the Market Livestock Sale.

59. Only animals declared by their species deadline and entered by the entry deadline are eligible for final weigh-in. Animals must have nothing on except a halter when weighed. Market animals should be weighed on full feed.

60. Animals must be clean and dry for weigh-in. Ear tags must be clean and readable.

- 61. If a weight is questioned, scales are rebalanced, and the animal is re-weighed immediately. Once the animal leaves the weigh-in area, no additional re-weighs are allowed.
- 62. Market animals that do not make weight may not be entered in a breeding class.
- 63. Exhibitors must have a market photo taken with each market animal during their designated species photo time, regardless of whether the animal is sold. Failure to have a photo taken results in the exhibitor not participating in the Market Livestock Sale.
- 64. Exhibitors showing more than 1 market animal must submit a No Sale Form within 1 hour after their final market class. If participating in the Final Drive, the No Sale Form must be submitted within 1 hour after the Final Drive. No Sale Forms are available at the Livestock Show Office. Failure to submit a No Sale Form results in the exhibitor not participating in the Market Livestock Sale. Animals listed in the sale order may not be withdrawn.

65. Market Livestock Sale Order Rotation:

Grand and Reserve Grand Champions sell at the beginning of the sale in the order determined by the species rotation.

2026	Sheep	Beef	Goat	Swine	Poultry
2027	Beef	Goat	Swine	Poultry	Sheep
2028	Goat	Swine	Poultry	Sheep	Beef

Within each species, the sale order follows show ring placing - purple, blue, red, and white.

- 66. Any market animal receiving Grand Champion or Reserve Grand Champion must sell in the Market Livestock Sale. If an exhibitor wins Grand Champion or Reserve Grand Champion in multiple species, the exhibitor must designate 1 animal to sell. Remaining champion animals are removed from the sale order.
- 67. Exhibitors must be present and prepared to sell in sale order.
- 68. Only exhibitors in good standing within their organizations are eligible to sell an animal in the Market Livestock Sale.
- 69. Personal announcements about exhibitors are not made during the sale.
- 70. The Market Livestock Sale Committee is not responsible for collecting the original purchase price of an animal.
- 71. The Canyon County Fair Market Livestock Sale is a terminal sale. Terminal is defined as a change of ownership. A project animal sold through the Canyon County Fair Market Livestock Sale may not continue as a project animal in the current year.
- 72. Exhibitors are responsible for their market animal until it is loaded on the truck. If an animal dies prior to that time, the Market Livestock Sale Executive Committee will review the circumstances to determine any potential payout. Animals must be fed and watered prior to shipping. The Fair is not responsible for equipment (e.g., pig waterers, feed pails) left on the Fairgrounds. Disposable containers for feed and water should be used on Sunday evening. Equipment may be picked up Monday from 10:00 a.m. - 1:00 p.m.

73. Any market animal sold through the Canyon County Fair Market Livestock Sale is delivered to the packer by a member of the Market Livestock Sale Committee or their designated hauler.

74. Non-Slaughter / Personal Use

- Exhibitors are given the opportunity to declare their animal as a Non-Slaughter/Personal Use project at the time of Fair entry. This declaration is final.
- Animals purchased for personal use through the Canyon County Market Livestock Sale must be paid in full by credit card or cash before the animal may be released. Payment must be made within 1 hour following the conclusion of the sale. Checks are not accepted. If an animal is not paid for by the payment deadline, the animal is sold to the floor buyer, and the original top bidder is invoiced for the difference between the floor price and final sale price.
- **NEW for 2026:** Animals purchased for personal use may be picked up **Sunday, July 26**, at the designated time with the appropriate bill of sale and animal release slip from the Livestock Show Office.

75. A deduction is made from the total amount of the sale of each animal before checks are distributed. The amount deducted is determined by the Market Livestock Sale Committee based on actual costs. These funds are used for expenses such as promotion, buyer recognition, sale operation, and trucking.

76. A fee of \$2 for beef and \$1 for sheep, goats, and swine is deducted from each animal sold to maintain a condemned carcass fund. This fund may reimburse exhibitors if a carcass is condemned due to natural causes. Carcasses condemned due to illegal drug use, prohibited treatments, neglect, or abuse remain the responsibility of the exhibitor. No sale funds are paid for these animals.

77. Sale checks are mailed to exhibitors using the address listed in the online Fair entry system. Exhibitors should verify that their mailing address is correct. Checks are released after all sale funds are received and the auction audit is completed. Checks are not released until all financial support related to the exhibitor has been paid to the Market Livestock Sale Committee.

PROTESTS

78. A protest form must be completed and be accompanied by a \$250 deposit, which is non-refundable. The protest must clearly state the cause of the complaint or appeal and must be delivered to Fair Management immediately following the occasion that prompted the protest. Protests are accepted prior to, during, and within 2 hours following the occasion that prompted the protest.

79. Judging procedures are not interrupted for protest investigation. Depending on the basis of the protest, a decision may be withheld until a complete investigation is conducted.

80. The decision of Fair Management following the review of the protest is final.

SPECIES SHOWS - MINIMUM REQUIREMENTS

81. Each species show requires participation from at least 5 Canyon County resident exhibitors. If fewer than 5 eligible exhibitors are entered by the close of entries, the species show is placed on probation. Failure to meet the minimum exhibitor requirement for 2 consecutive years results in discontinuation of the species show the following year. The show is removed from probation when the minimum exhibitor requirement is met.
82. **NEW SPECIES SHOWS:** A minimum of 5 Canyon County resident exhibitors must submit written intent to participate in the proposed species show. Letters of support must be received from 1 Canyon County 4-H Club and 1 Canyon County FFA Chapter. Fair Management evaluates the proposed species show for feasibility, including but not limited to financial impact, facility availability and suitability, scheduling considerations, equipment, and staffing requirements. Newly approved species shows must maintain minimum exhibitor participation levels to continue. Failure to meet minimum participation requirements may result in discontinuation of the species show. For additional information, please contact the Fair Office at 208-455-8500 or livestock@canyoncountyfair.org.

International Association of Fairs and Expositions (IAFE) National Code of Show Ring Ethics

Exhibitors of animals at livestock shows shall at all times conduct themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the US and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating there to is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.

3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of drugs. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event, which culminates with the animal entering the food chain, shall not be administered drugs other than in accordance with applicable federal, state, and provincial statutes, regulations, and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.
If the laboratory report on the chemical analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample or urine, saliva, blood, or other substance tested (by the approved laboratory to which it is sent) is the one taken from the animal in question. Its integrity is preserved and all procedures of said collection and preservation transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise at any hearing in regard to the matter conducted by the fair or livestock show. At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications shall be administered by a licensed veterinarian.
5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counter irritant, or irritant substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
7. Direct criticism or interference with the judge, fair, or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation, and respect and no person shall direct abusive or threatening conduct toward them.
8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have any disciplinary action taken by the fair or livestock show against such individuals published in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.
11. The act of entering an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

Chain of Communication

Questions may arise that require additional guidance. When this occurs, exhibitors and families must follow the order of contact outlined below. Begin with the level listed directly below and continue, as needed, until the question has been addressed.

Failure to follow this process may delay or prevent resolution.

2. The same animal may not be exhibited in both 4-H and FFA. If an exhibitor is showing in both 4-H and FFA within the same livestock species, the exhibitor may not enter showmanship in both departments and must choose to show in either 4-H or FFA.
3. Showmanship class sizes are determined based on show ring capacity and at the discretion of the Superintendent.
4. Superintendents may combine age divisions if fewer than 3 entries are received in a division.
5. The same animal must be used in any run-off classes as was shown in the qualifying class.
